

## Updates in genito-urinary reconstruction

Meeting of the EAU Section of Genito-Urinary Reconstructive Surgeons (ESGURS)

**Saturday 17 March**  
**10:15 - 15:30**

**Location:** Blue Area, Room 1 (Level 0)

**Chair:** R. Djinic, Belgrade (RS)

### **Aims and objectives of this session**

As per previous years, ESGURS Section Meeting has aim do present the developments of this complex and demanding field of genito-urinary reconstructive surgery. Top experts will show their experience in surgical techniques, but also in the pre and postoperative case, which can be equally important in achieving good result. Although urological reconstruction is very wide, we tried to cover majority of topics, with to goal to be interesting and useful both for beginners and experts.

**10:15 - 10:20**

### **Welcome and introduction**

R. Djinic, Belgrade (RS)

**10:30 - 11:13**

### **Urethral reconstruction – Part I**

*Moderators:* M. Fisch, Hamburg (DE)  
A. Mundy, London (GB)

**10:30 - 10:43**

### **Urethral reconstruction using a tissue-engineered oral mucosa graft in 98 patients: A lesson learned**

G. Barbagli, Arezzo (IT)

**10:43 - 10:53**

### **Management of iatrogenic urethral strictures**

M. Fisch, Hamburg (DE)

**10:53 - 11:03**

### **Urethral reconstructive techniques in BXO patients**

E. Lledó García, Madrid (ES)

**11:03 - 11:13**

### **How to handle re-stricture after 2 phase mesh graft urethroplasty**

J. Sairanen, Helsinki (FI)

**11:13 - 11:53**

### **Urethral reconstruction – Part II**

*Moderators:* D.E. Andrich, London (GB)  
L. Martínez Piñero, Madrid (ES)

**11:13 - 11:23**

### **Urethral strictures: Etiology in different countries, nomenclature, follow-up protocols, criteria of success/failure**

A. Zhivov, Moscow (RU)

**11:23 - 11:33**

### **Non-transecting techniques for narrow bulbar strictures**

E. Palminteri, Arezzo (IT)

**11:33 - 11:43**

### **Cancer survivorship after the treatment of pelvic malignancy**

A. Mundy, London (GB)

# Scientific Programme - EAU18 Copenhagen

---

11:43 - 11:53

## **Endoscopic treatment of urethral strictures**

R. Leonardi, Catania (IT)

---

11:53 - 12:18

## **Penile implant surgery**

*Moderators:* C. Bettocchi, Bari (IT)  
N. Tomada, Porto (PT)

---

11:53 - 12:00

## **My journey in prosthetic urology: How to become an expert**

I. Moncada, Madrid (ES)

12:10 - 12:18

## **How to build up successful unit in prosthetic urology**

D.J. Ralph, London (GB)

11:55 - 12:05

## **How to optimise the postoperative period after penile prosthesis in different situations**

To be confirmed

12:00 - 12:10

## **Management of cylinder complications**

A. Shamsodini Takhtei, Doha (QA)

---

12:18 - 12:58

## **Peyronies surgery – Tips and tricks**

*Moderators:* I. Moncada, Madrid (ES)  
A. Shamsodini Takhtei, Doha (QA)

---

12:18 - 12:25

## **Decision making in peyronies: Modeling vs. incision vs. grafting**

O.R. Sedigh, Torino (IT)

12:25 - 12:33

## **Simple techniques of peyronies deformities correction**

J. Romero Otero, Madrid (ES)

12:33 - 12:40

## **Albugineal grafting with non-absorbable vs. biologic materials**

J. I. Martinez-Salamanca, Madrid (ES)

12:40 - 12:48

## **Inflatable penile prosthesis plus grafting**

S. Sansalone, Rome (IT)

12:48 - 12:58

## **Latest modifications of the sliding procedure to provide length and girth restoration**

P. Egydio, São Paulo (BR)

---

12:58 - 13:33

## **Transgender surgery**

*Moderators:* G. Garaffa, London (GB)  
To be confirmed

---

12:58 - 13:05

## **Gender assignment and modern aspects of education in gender confirmation surgery**

K-D. Sievert, Rostock (DE)

13:05 - 13:13

## **Surgical management of neoclitoris (M-F surgery): Functional and aesthetic outcome**

C. Trombetta, Trieste (IT)

13:13 - 13:23

## **Modern aspects of vaginoplasty in gender confirmation surgery**

E. Kocjancic, Chicago (US)

---

## Scientific Programme - EAU18 Copenhagen

---

10:20 - 10:30

**State-of-the-art lecture** Third party assessment of data in retrospective clinical series: Review of the literature and a recent study from Lund

K.G.W. Månsson, Malmö (SE)

15:08 - 15:18

**Conduit vs. Neobladder for bladder cancer surgery – pro and cons**

V. Pansadoro, Rome (IT)

15:18 - 15:26

**Mitroffanof stoma for the most severe cases - how to do it**

B. Boillot, Grenoble Cedex (FR)

15:26 - 15:30

**Summary and closing remarks**

R. Djinovic, Belgrade (RS)
