

Advanced assessment of urethral reconstruction and new developing techniques

Poster Session 22

Saturday 17 March
14:15 - 15:45

Location: Blue Area, Room 4 (Level 0)

Chairs: L. De Kort, Utrecht (NL)
P. Hoebeke, Gent (BE)
To be confirmed

Poster viewing of 20 minutes. Presentations will take place on stage. Standard presentations are 2 minutes in length, followed by 2 minutes for discussion.

280

Tissue-engineered autologous oral mucosa graft for urethral reconstruction: Results from a national multicentre survey

By: Ram-Liebig G.¹, Barbagli G.², Heidenreich A.³, Fahlenkamp D.⁴, Romano G.⁵, Rebmann U.⁶, Van Ahlen H.⁷, Schakaki S.⁷, Balsmeyer U.⁴, Spiegelner M.⁸, Knispel H.⁸, Lazzeri M.⁹

¹UroTiss Europe, Dept. of Research, Dortmund, Germany, ²Centro Chirurgico Toscano, Dept. of Urethral Reconstruction surgery, Arezzo, Italy, ³University Clinic and Policlinic, Dept. of Urology, Cologne, Germany, ⁴Zeisigwald Clinics, Dept. of Urology, Chemnitz, Germany, ⁵Hospital of Valdarno, Dept. of Urology, Montevarchi, Italy, ⁶Diakonissen Clinic, Dept. of Urology, Dessau-Roßlau, Germany, ⁷Osnabrueck Clinic, Dept. of Urology, Osnabrück, Germany, ⁸St. Hedwig Hospital, Dept. of Urology, Berlin, Germany, ⁹Istituto Clinico Humanitas, Dept. of Urology, Rozzano, Italy

281

Coherence tomography in the diagnosis of the extent of spongiofibrosis for patients with urethral stricture

By: Pavlov V. , Izmailov A. , Farganov A.R., Buzaev I. , Kazihinurov R. , Safiullin R. Clinic of Bashkirskiy State Medical University, Dept. of Urology, Ufa, Russia

282

Does testosterone (T) deficiency plays a role in the urethral stricture surgery?

By: Kogan M.I., Amirbekov B. , Mitusov V. , Glukhov V. , Krasulin V. , Kruchkova N. Rostov State Medical University, Dept. of Urology, Rostov-On-Don, Russia

284

A novel experimental study on establish a myoblasts differentiated cell sheet using induced adipose-derived stem cell technology

By: Qiang F.
Shanghai Sixth People's Hospital, Dept. of Urology, shanghai, China

285

Gel casting as an approach for tissue engineering of multilayered tubular structures: Application for urethral reconstruction

By: Van Velthoven M. ¹, Ramadan R. ¹, Klotz B. ², Gawlitta D. ², Castilho M. ³, Malda J. ³, Costa P. ³, De Kort L. ¹, De Graaf P. ¹

¹University Medical Center Utrecht, Dept. of Urology, Utrecht, Netherlands, The,

²University Medical Center Utrecht, Oral and Maxillofacial Surgery & Special Dental Care, Utrecht, Netherlands, The, ³University Medical Center Utrecht, Dept. of Orthopedics, Utrecht, Netherlands, The

286 **Surgical management for symptom control of male genital lymphoedema: An algorithm to aid clinical decision making**

By: Mahesan T. ¹, Yan S. ¹, Gordon K. ², Mortimer P. ², Corbishley C. ³, Soldin M. ⁴, Ayres B. ¹, Watkin N. ¹

¹St George's Hospital, Dept. of Urology, London, United Kingdom, ²St George's Hospital, Dept. of Lymphoedema, London, United Kingdom, ³St George's Hospital, Dept. of Pathology, London, United Kingdom, ⁴St George's Hospital, Dept. of Plastic Surgery, London, United Kingdom

287 **Reconstructive surgery for penoscrotal filarial lymphedema: A decade of experience and follow-up with special emphasis on sexual function**

By: Sinha R.J., Singh V. , Patel R.

King George Medical University, Dept. of Urology, Lucknow, India

288 **Urethrovaginal fistula: Aetiology, management and outcomes**

By: Barratt R., Kotes S. , Pakzad M. , Hamid R. , Ockrim J. , Greenwell T.

University College London Hospital, Dept. of Urology, London, United Kingdom

289 **A critical analysis of the management of recurrence after bulbar urethroplasty**

By: Kahokehr A., Granieri M. , Webster G. , Peterson A.

Duke University Medical Center, Dept. of Urology, Durham, United States of America

290 **Dual-layer urethroplasty with spongiosum and ventral dartos flap hypospadias repair: Description of surgical technique and report of fistula, dehiscence, and meatal stenosis rate at 1 year follow up**

By: Neheman A. ¹, Levitt M. ¹, Darawasha A.E. ², Nasser R. ¹, Zisman A. ¹

¹Assaf Harofeh Medical Center, Dept. of Urology, Tzrifin, Israel, ²Meir Medical Center, Dept. of Urology, Kefar Sava, Israel

291 **Genital reconstructive surgery in male to female transexuals: A systematic review of primary surgical techniques, complications and functional outcomes from 1950 to present day**

By: Dunford C., Bell K. , Rashid T.

Imperial College Healthcare NHS Trust, Dept. of Urology, London, United Kingdom

292 **Late complications after hypospadias repair in childhood**

By: Bizic MB¹, Stojanovic B.¹, Kojovic V.¹, Bencic M.¹, Korac G.², Djordjevic M.¹
¹School of Medicine, University of Belgrade, Dept. of Urology, Belgrade, Serbia, ²School of Medicine, University of Belgrade, Dept. of Anesthesiology, Belgrade, Serbia

293 **Cosmetic and functional outcome for the use of stitch by stitch technique in hypospadias surgery: Results of 235 patients**

By: El-Moghazy H.
Sohag University, Dept. of Urology, Sohag, Egypt

294 **Can we achieve satisfaction in adult hypospadias surgery?**

By: Dockray J., Rees R.
University Hospitals Southampton, Dept. of Urology, Southampton, United Kingdom
